FUTURE PICKS

Date line April 1986

- The Wolverine mini series has been very hot since its publication. Look for its steady increase over these months as dealers just don't have the stock they used to have and demand is still high.
- G.I. Joe is now reported as the best selling back issue title in some areas- Prices continue to go up. 3rd printings are reported.
- With George Perez back on New Teen Titans a new up-swing should be forthcoming.
- Watch the small publisher black and white issues- Look very closely for very positive reviews and polished artists. These right now have the greatest potential for higher price levels.
- When will the success to the plethora of Ronin parodies end? The prices just keep going up on Teenage Mutant Ninja Turtles, and Radioactive Adolescent Blackbelt Hamsters is hot.
